

KENNARD RAMSEY

"Kennard Ramsey is an established Hollywood film composer, writing original music for feature films, network television and television commercials. He has distinguished himself as an original voice in the field through his work on theatrical film releases that have also been featured in the Sundance, Toronto, and Berlin Film Festivals. His adept use of live orchestra, synthesizer and other digital audio media integrates both contemporary music genres with tradition. Currently, he is completing a CD of original instrumental and vocal compositions produced by jazz legend Stanley Clarke.
